

9-LINE MEDEVAC AND MIST PREPARATION

Continued...

04 State all line-item numbers in a clear voice.

05 Provide a MIST report for each casualty at the conclusion of the 9-Line MEDEVAC request.

- M** Mechanism of injury and time of injury (if known)
- I** Injury or illness
- S** Symptoms and vital signs
- T** Treatment given

06 Pronounce letters and numbers according to appropriate radiotelephone procedures.

07 End the transmission by stating **"OVER"**.

08 Keep the radio on and listen for additional instructions or contact from the evacuation unit.
